• imagen copings by Dale Dental are the fastest, easiest and most productive way to get flat-priced high noble PFM copings for your dental lab. The unique CAD/CAM process means your copings are never cast, perfectly uniform and highly consistent. Plus Dale Dental's ISO 9001:2008 certification helps ensure your labs compliance with FDA GMP requirements when using outside laboratories to fabricate your frameworks.

Flat priced • imagen copings seated, finished and ready for ceramics
